

POMEGRANATE LEMON GIN & TONIC

Pomegranate Lemon Gin & Tonic

- 1 lemon
- 1 T pomegranate seeds
- 1.5 ounces gin

- 1 ounce pomegranate juice
- Ice
- 4-6 ounces tonic water

- 01 Prepare by creating a few one-inch strips of lemon peel using a potato peeler or paring knife, avoiding the white pith as much as possible. Set the lemon and lemon peels aside.
- 02 In a glass of your choice, add the pomegranate seeds. Measure the gin in a jigger and add to the glass, then add the pomegranate juice and 1 tablespoon lemon juice (about half of the lemon). Add ice, then stir.
- 03 Fill the glass with tonic water, using between 4 to 6 ounces depending on the size of the glass. Twist one of the reserved lemon peels, securing it with a decorative toothpick. Garnish the drink with the lemon peel and enjoy!

*Freshly squeezed lemon juice is essential to this recipe.
